SOLIDARITY STATEMENT

The Association of Camera Operators (ACO) supports the Screen Actor's Guild (SAG-AFTRA)) and The Writers Guild of America (WGA) in their fight to reach a fair and sustainable employment agreement with the film and TV producers AMTPT. We hope that the outcome of the current negotiations recognises the true dedication, talent and professionalism of the members of both the WGA and SAG–AFTRA as well as all of the crews responsible for bringing their work to worldwide screens. There are many livelihoods resting on the negotiations so we hope they conclude before our industry experiences true hardship, especially amongst the lower paid and less established members.

In solidarity
